

Car Rider Placards

Thank you so much for helping us keep our Bobcats safe. All vehicles that are on campus to pick up students will be required to have an official placard visible to the staff member calling cars. Please hold your placard up against the driver side window to allow the staff member calling for students to see the names much easier.

If you do not have your placard, you must park at the front of the school and go inside the front office to sign out your children with proper identification. Anyone picking up a student without a placard *must be on the student's authorized pick up list*. After proper identification is made, your child(ren) will be released with the walkers AFTER the buses have departed. This is for the safety of all Bobcats.

Please fill out the bottom of this form by printing the required information. If your child will ever be a car rider, you will need a placard!

After September 1, additional or replacement placards will cost \$5 each.

Please only fill out one form per family
